

# Senior Expert Service (SES) in China since 1983

---

Since 1983: 6,700 assignments for German specialists in China:

- Plant and mechanical engineering
- Automotive engineering
- Chemistry / Pharmaceuticals / Process engineering
- Environmental sciences / Climate protection / Recycling / Energy management
- Vocational training – all trades
- Healthcare and therapy
- Agriculture and Animal Husbandry

**Objective:** To promote knowledge transfer and cooperation in all areas

Bronze bust for Werner Gerich in Wuhan  
1984 and 1985 Diesel Engine Works  
From 1949, he was the first foreign factory director in China

# Organisation

The SES deploys experts from the German business community on a voluntary basis for fixed-term assignments to share and exchange knowledge. Most of the experts are retired and have 40 years of professional experience.

## Experts

Specialists and executives, trainers, vocational college teachers, scientists, managers, plant managers and technical specialists, teachers, doctors, therapists

For tasks that cannot be carried out on a voluntary basis, we find solutions on a case-by-case basis.

## Sponsorship

**BDA** Confederation of German Employers' Associations

**BDI** Federation of German Industries

**DIHK** German Chamber of Industry and Commerce

**ZDH** German Confederation of Skilled Crafts

Founded in 1983

SES Foundation as a shareholder since 2003
